

## REMARKS

Examiner Williams is thanked for the thorough examination of the subject Patent Application. The Claims have been carefully reviewed and amended, and are considered to be in condition for allowance.

5           Reconsideration of the objection to the specification because of informalities on the Abstract, paragraph [0017], [0023], [0042], [0045], [0046], [0048], and [0051] is requested. The specification has been amended to incorporate the corrections requested by the examiner. Further paragraphs [0036] and [0039] have been amended to correct typographical errors in the  
10   preparation.

Reconsideration of the objection to Claims 1-25, 29, and 31-39 because of informalities is requested. These Claims have been amended to incorporate the corrections requested by the examiner.

The related art references made of record and not relied upon have been  
15   reviewed and it is agreed that they do not suggest the present detailed claimed invention.

The Applicant acknowledges that Claims 26-28, 30, 40-54 are allowed and that the Claims 1-25, 29, and 31-39 are allowable, if rewritten to overcome the objection by the Examiner. The Claims 1-25, 29, and 31-39 are rewritten as

requested by the Examiner and the Applicant respectfully requests that a timely Notice of Allowance for all claims be issued in this case.

It is requested that should Examiner Williams not find that the Claims are now allowable, that the undersigned be called at (845) 452-5863 to overcome  
5 any problems preventing allowance.

Respectfully Submitted,  
George O. Saile & Associates
